Powerful features to power your business.

ROTATING PROXIES

Minimize the chance of getting blocked; test your website using rotating proxies from multiple locations.

SECURE

API endpoints are available over HTTPS, which means all data processed are secured using 256-bit TLS encryption.

SCALABLE

Siterelic is scalable and highly available, powered by AWS, which can serve millions of APIs request every month.

COST-EFFECTIVE

You can get it started for free and upgrade as you grow to our pocket-friendly plan.

DOCUMENTATION

Developer-friendly, easy-to-follow API documentation that will get you started within minutes.

∞ **CONTINUOUS IMPROVEMENT**

New features are released regularly to accommodate your business needs.

Flexible plans for your business

Our APIs can handle millions of requests per month and our plans can be tailored to your needs.

Free	Premium

Monthly	Yearly

✓ **Premium 10K** 10,000 requests	**$9.99** /mo
◌ **Premium 50K** 50,000 requests	**$39.99** /mo
◌ **Premium 100K** 100,000 requests	**$64.99** /mo
◌ **Premium 250K** 250,000 requests	**$149.99** /mo
◌ **Premium 500K** 500,000 requests	**$249.99** /mo

Rotating proxy	✓
Rate-limit	10 requests per second
